👤 PROFILE

A Master 2 graduate in Cybersecurity at ESP(Ecole supérieure polytechnique Dakar) with a Bachelor's degree in Software Engineering from ESSTHS (Higher School of Science and Technology of Hammam Sousse). I have strong skills in designing and developing IT,Network,Security solutions. I am problem-solving oriented, determined, dynamic, and always ready to tackle new challenges.

🎓 EDUCATION

Master 2 in Information System Security,

Ecole Supérieure Polytechnique (ESP) 📍

Dakar, Sénégal

Key Subjects: Threat analysis and mitigation, network security, application security, incident response and forensic analysis, cryptographic techniques, penetration testing.

Bachelor's in Software Engineering and Information

Systems, Ecole Supérieure Sciences et Technologies

Hammam Sousse 📍

09/2022 – 06/2023 | Sousse, Tunisie

Key Subjects: Databases, design and modeling, software development, web security, programming languages.

High School Diploma in Technical Mathematics and Mechanical Engineering,

Lycée Technique (premier national)

2019 – 2020 | Atar, Mauritanie

Achievements: National Major of the class with a focus on mechanical construction, technology, automation, mathematics, physics, and chemistry.

📄 CERTIFICATES

- Cybersecurity Awareness Professional Certification 📍
- Oracle Academy Database Programming with PL/SQL
- Certified Network Security Practitioner (CNSP) 📍
- Huawei Cyber Security Certification for Service Work (CSC)
- HCIA Huawei Cloud Services

🏢 PROFESSIONAL EXPERIENCE

Huawei, Cyber security Ingénieur CDI en cours

Senegal, Dakar

Mission Orange Mobile Money Next Gen :

Preparation and execution of Security Tests (Security Test Prepare)

Performing Penetration Testing (Security Penetration Testing)

Leveraging Huawei Cloud Security Services to secure cloud infrastructure

Conducting Fraud Testing and Compliance Testing

Generating security reports and Orange review

Vulnerability scanning with OpenVAS/Greenbone on production environments

Infra Manager, HCS Security Audit , Mobile Money , IT Manager,Cloud Network Security,Emoc BO Engineer

Huawei, Internship

- Completed intensive training in networking, cybersecurity, databases, cloud computing, and Mobile Money systems.
- Participated in data center rack installation and integration of servers, storage systems, switches, and network devices.
- Contributed to deployment projects in Côte d'Ivoire, Senegal, and Cameroon.
- Deployed, configured, maintained, and monitored Huawei Cloud Stack (HCS) and Digital View (DV) platforms.
- Supported SEC, IT, and OSS operations in telecom and Mobile Money environments.
- Assisted in infrastructure monitoring, troubleshooting, and maintenance activities

SNIM 📍, Pentester 08/2024 intern

nouadhibou, Mauritanie

Performed penetration testing on Windows Server 2016, including reconnaissance, vulnerability analysis, and exploitation. Identified critical vulnerabilities (CVE-2020-1472 Zerologon) using Nmap and successfully exploited Active Directory using Impacket. Achieved privilege escalation to Domain Admin via PsExec and documented findings with remediation recommendations.

SNIM, Web application development 2023 intern

nouadhibou, Mauritanie

Worked as intern at SNIM Designed and developed a tool management web application to optimize stock control and reduce losses. Dev sec Ops

Société Du Monde Connecte SARL,

Website Administrator CDI

2022 | Nouakchott, Mauritanie

- Maintained and optimized online applications, adding new functionalities and improving performance and Security.

Networking and Cloud

TCP/IP, VLANs, OSPF, NAT, VPN (IPSec), DNS, DHCP.

Tools: Nmap, Wireshark, tcpdump, Netcat, Nessus, GNS3

cloud network : services, fusion-sphere ,fusion-compute

Programming Languages

Python, Java, PHP, JavaScript.

DataBases

MongoDB , MySQL , Oracle , Firebase , Postgresql,

PL/SQL

Pentesting and Security Audits

Penetration Testing (Pentesting)

Vulnerability Analysis

Incident Detection & Response (Snort / OSSIM , Wazuh, ELK)

Security Audit & Compliance:

- Vulnerability assessment and risk analysis
- Familiar with ISO 27001 controls and risk management processes
- Knowledge of GDPR principles (data protection, privacy, compliance)
